

LIMITED WARRANTY

The products of API Marine Sales, Inc., when properly installed, are warranted by API Marine against defects in materials and workmanship. Remanufactured units are warranted for 6 months and new units are warranted for 1 year from the date of sale to the original purchaser. Any and all returns must have a Return Authorization Number (RMA).

API Marine's Warranty covers the replacement of defective API Marine units. Labor claims must be submitted in writing to API Marine along with the defective unit in question. Any labor claims granted are at the sole discretion of API Marine and shall be in the form of a written credit. Labor credits may be used to purchase API Marine products ONLY. No money will be paid out by API Marine Sales, Inc. This warranty extends to the application under normal use and service and DOES NOT apply to deliberate abuse, broken drive gears, submersions and/or damaged housings. Improper installations, careless handling, burnt fields/armatures, tampering and/or dismantling of units will render this warranty null and void.

Defective units must be returned to our facility for inspection and warranty consideration within the warranty period. Defective units returned for warranty MUST have a tag with a clear explanation of the malfunction attached to them. Any dismantled units returned for warranty will not be considered.

This warranty is expressly in lieu of all other obligations or liability. API Marine neither assumes nor authorizes any other person or company to assume for it any other liability in connection with the sale of its products or merchandise.

RETURN POLICY

API Marine merchandise returned as "miss-ordered" or "customer did not want" must have a Return Authorization Number (RMA). Returned API products are subject to a 10% re-stocking fee and must be shipped to the factory pre-paid with a copy of the original invoice.
